FOUND ONLY IN THE BAGS OF THE BEST IN BUSINESS.

Go ahead, get lost.
You'll be glad to have the thin, light, full function power of new ThinkPad T60 notebooks. And with integrated wireless WAN from Cingular BroadbandConnect™ to keep you connected, you won't be forgotten—even as you forget those old hot spots. Plus, we take a system-wide approach to durability—combining a magnesium alloy roll cage with our ThinkVantage™ Active Protection System and a shock-mounted hard drive. That way, your system and data are protected against potential damage caused by cab drivers, bellhops and airline security. ThinkPad T60 notebooks are now a product of Lenovo, a new global company uniting Lenovo and the former IBM PC Division under the Lenovo name. Find out more at lenovo.com.
